A feeling of Zen takes over when you walk into this modern Balinese inspired home; its elements from nature calm the senses, while the oversize windows throughout bring the outside in and offer lovely natural light and views of swaying bamboo which can be enjoyed throughout the spacious open plan living, dining and kitchen. The wonderful light from the counter length window in the kitchen compliments the mocha cabinets, granite worktops and stainless appliances. The inviting living room spills out to a large screened patio which offers a delightful alfresco living space under the stars and mango tree in your private garden. A downstairs bedroom or office/den with full bath round out the ground level of this tranquil home. The open wooden staircase leads to 3 very spacious bedrooms on the second level of the home. The primary suite is a serene sanctuary, with floor to ceiling corner windows, a generous master closet and a spa-like bathroom that will not disappoint. Follow the staircase up one more level to the open air roof top terrace with wonderful breezes and panoramic island views. Literally a stone's throw or 5 minute walk from the white sands of Seven Mile Beach and one of the best snorkeling sites at Cemetery Beach.
